

## Tyers of Note Seminars Starting

Mayfly & Co. is happy to announce our "Local Fly Tyers of Note" series. Tyers are encouraged to take advantage of these classes. Each class is being taught by one of the finest regional fly tyers on the circuit today and they are not seminars you'll want to miss. Classes will be held at Mayfly & Co. on Wednesday nights from 5:30 to 7pm. Each class is limited to eight students and the fee per class is \$35.00. Pre-registration is strongly suggested. Materials will be provided but students are required to supply their own vises and tools.

Our series starts out on Wednesday March, 6th, with featured tyer Cliff Rugg. If you've not heard of Cliff, you should have. Cliff will be teaching traditional soft hackle patterns, dubbed nymph patterns and their variations. You will tie three flies in this class and learn how to properly and proportionately "load the hook with material". Cliff is serious and one of the best. Sign up now!

Stay tuned for Leslie Wrixon, newly elected president of UFT, (takes over in April) and Rich Julian.

All three "kill" with thier patterns. Watch the site or call the shop.
